DATA LOGGERS

# SPC LOGGERS

## SPC PORTABLE

# Data Loggers

The SPC Data Loggers make it easier than ever to measure your electricity consumption. In fact you can measure your energy, your costs, your carbon footprint and much more too. All the SPC Loggers feature high-speed USB data download to PC, and with the SPC Pro 2 units you get the additional flexibility of downloading to memory stick too.

SPC  
MINI

## SAFELY

The SPC electrical energy data loggers are non-invasive, and may be used safely by non-technical personnel. There are no live connections to make!

## ACCURATELY

The SPC loggers are the result of over 25 years experience. They use state-of-the-art digital design to combine excellent accuracy with reliability, rugged performance and great value.

## EASILY

All these instruments are designed to be simple and straightforward to use - even for novices. All units ship with our acclaimed PowerPackPro software package which combines a feature-rich specification with a user-friendly desktop that gets you up and running in no time at all!
