Site Address:		115 Evans Road, Venture Business Park, Liverpool L24 9PB					16 Pages								
Date Prepared		13 th May 2020		Supporting Documentation: See “Further Actions” Below			Method Statement		Date Reviewed			11 th February 2021 Monthly review			
Project Manager		Keith Corcoran					Assessors			Michael Latchford					
Existing Measures Taken to Control Risks from the Hazard						Risk Score 1- 5			Controls required to allow task to start /continue			Residual Risk Score 1- 5			
1	2	3	4	5	6	7	8	9	10	11	12	13			
Hazard (something with the potential to cause harm)	Hazard Cause (how will the hazard be realised)	Hazard Effect (the potential injury sustained)	Who (who may be at risk during the activity)	Existing Control Measures	Consequence	Likelihood	Risk Rating	Further Control Measures	Consequence	Likelihood	Risk Rating	Acceptance			
Reception Area Spread of COVID - 19	Virus contact through surfaces, through not social distancing, through bodily contact, through droplets in the air, sneezing, coughing	Sickness, hospitalization, death Mild, moderate, severe or fatal Symptoms include – shortness of breath, fatigue loss of smell and taste, some may progress to acute respiratory distress syndrome (ARDS), Multi organ failure, septic shock and blood clots, incubation period 2- 14 days typically around 5 days	Staff, Visitors, Cleaners, Drivers, Contractors and Sub-contractors	Social Distancing in operation Increased hand washing Reduced number of people/ personnel in reception at any one time. Vulnerable personnel given special attention (work from home, different job) Staggering arrival and departure times of any Clients and Visitors Use of face masks when moving between other office/work areas until the end location is reached All visitors to the premises will undergo a temperature check and be asked to fill out a health questionnaire on arrival	5	3	15	Social distancing markers on floor (2 metres) Sanitizing wipes, sprays available on arrival. Any activity kept as short as possible Signs advising of hand washing and distancing. Encourage staff to report any problems All surfaces frequently cleaned and sanitised including high use items for example door handles and light switches If distancing can't be maintained PPE should be used mask, gloves Under emergency procedures the nearest exits must be used as indicated Stay Alert!!	5	1	5	Y

ALL THE BELOW ARE ALSO EXSITING MEASURES THAT HAVE BEEN IMPLEMNETED THROUGHOUT THE COMPANY

Symptoms of COVID – 19 – If anyone becomes unwell with a new continuous cough or a high temperature in the workplace they will be sent home immediately and advised to follow the stay-at-home guidance, line manager will maintain regular contact with the staff member during this time.

If advised that a member of staff, public or a visitor has developed COVID-19 and where recently on our premises (including where a member of staff has visited other workplaces premises such as domestic premises the management team of the workplace will contact the Public health authority to discuss the case and identify people who have been in contact with them and will take advice on any actions or precautions that should be taken

All emergency procedures are still in operation as usual regardless of COVID-19

Further DSE risk assessments have been completed on all home working personnel

It is essential that all office space/workshop remain well ventilated whilst occupied, further to recent government advice air conditioning units are now allowed to be used within the working environment please view the link attached – <https://www.hse.gov.uk/coronavirus/equipment-and-machinery/air-conditioning-and-ventilation.htm>

All personnel who need to self -isolate will be contacted on a regular basis to ensure the wellbeing of our personnel and ascertain if the company can help in any way.

All personnel will be advised of best practice and guidance as and when information becomes available from Government sources.

It is deemed essential that all personnel on site wear a face mask when moving around any part of the work/office spaces until the end location has been reached, it is also essential that all visitors to the site wear face masks when entering the building
